**To the end of the world**

Today, cruising around the tip of South America is much safer than ever. But be forewarned: High winds and cold temperatures can make for wintry conditions, even in summer.

**Ten luxury barge vacations**

Yearning to take a river cruise, but afraid of being cooped up on the boat? Consider luxury barging, once the preferred getaway for royal families.

**New England cruises**

There's usually a flight to endure before heading up the gangplank. That is why a sail-away close to home is so appealing.

**Navigating the canal**

Though well established on the western half, canal tourism is just catching hold on the eastern end of the Erie Canal.

**Home port**

As traffic through Boston increases, cruise travelers from the area enjoy greater convenience and more options for destinations.

**Overnight on the lake**

Overnight lake excursions may have disappeared, but Lake Champlain's Moonlight Lady is leading the revival.
